**Reason for the alert:**

Following a risk assessment it has been identified that there is a very small chance of our Everyday Favourites and Premium Selection scampi containing fish and / or molluscs. As fish and molluscs are both allergens we want to notify you so that you can fulfil your obligations with regards to providing accurate allergen information to your own customers.

All future orders will be delivered in updated packaging with a “may contain fish and molluscs” warning statement on the label.

**What to do next:**

If we have identified you as having purchased the affected product over the last 18 months, you will be contacted by telephone and letter advising you of the recall.

If you have any affected stock, please dispose of it immediately. Once you receive the letter, you simply complete the claim form and return to your delivering depot, who will arrange a credit.
