Christmas can be a **challenging**, busy and **stressful** time for those in the **hospitality industry**.

Here are some signs to **look out for**:

- Does the front of house team seem tired or stressed?
- Does your server look distracted?
- Has the barman made a mistake with your drink?
- Has the chef brought out one dish before the others are ready?

Please be patient and **compassionate this Christmas. They** make your **Christmas** one to remember. **Don't** make theirs one they want to **forget**.
