

SET MENU

STARTER

Bitter Pill

*Hard to swallow but
taken nearly every shift.
Disrespected, belittled, shouted at
- all despite doing your best.*

MAIN

Bad Egg

One is enough to spoil the night.

SIDE

A Pinch Of Salt

*One large pinch of salt.
"Don't take the words to heart"
Manager's suggestion.
Easier said than done.*

DESSERT

#CheckPlease Pie

(Chef recommends)

*This year we are asking customers to
#CheckPlease on their servers.
Check they're okay, wish them a Merry
Christmas and generally spread the cheer.*

**In our opinion
this is the best dish
on the menu.**
