CRADOCS SAVOURY BISCUITS LTD

WELSH CRACKERS FOR CHEESE LOVERS.

Allie and Ella founded the company in 2008 after a disappointing experience with some lackluster crackers paired with cheese and wine. "You could make better crackers than these, ma'am," Ella remarked, and from that moment, the idea for their business was born. Seventeen years of baking crackers have turned them into experts.

Today, the company has grown to include eight dedicated female bakers who roll up their sleeves out of a shared love for cheese. The company specialises in premium, craft-baked crackers that are sold in delis, and are a popular choice for events and the catering industry. Their crackers, which are hand-baked and irregularly cut, are perfect for dipping, dunking, topping, and drizzling.

The only Welsh producer to handle the entire process of growing, harvesting, pressing, and bottling its cold-pressed rapeseed and infused oils.

The Thomas family has farmed in Manorbier, Tenby, Pembrokeshire since 1958. By the early 2000s, the farm shifted to arable farming, aligning with Harry Thomas's passion. Alongside his wife Kim and their children George and Oscar, Harry aimed to secure the farm for the fourth generation, leading to the creation of

Pembrokeshire Gold cold-pressed rapeseed oil.

As one of the few family farms in Britain producing cold-pressed rapeseed oil from seed to bottle, Pembrokeshire Gold has gained popularity due to its nutritional benefits, exceptional flavour, and versatility in cooking.

Since its inception, Pembrokeshire Gold has

thrived, earning two Great Taste Awards in 2023 for its original and garlic-infused oils. The farm operates sustainably, using wind and solar power and keeping bees for pollination.

Today, they are the beloved ingredient in homes, restaurants, and pubs across Wales and beyond.

Why choose our product?

PENDERYN

DISTILLERY

The home of Welsh Whisky

Penderyn Distillery reignited Wales' whisky tradition after a century-long hiatus. In the late 1990s, a group of friends in a Welsh valley, nestled at the foot of the Brecon Beacons, dreamt of crafting a whisky as pure as Welsh gold. Their vision led them to Penderyn, where fresh spring water and stunning landscapes set the stage for their ambitions.

The distillery's secret? A unique Faraday Still with a remarkable 92% spirit draw, producing whiskies that are light, fruity, and exceptionally flavourful. Expanding with new locations in Llandudno and Swansea, Penderyn has earned accolades like the Visit Wales Gold and RIBA heritage awards, plus sustainability honours for its Swansea site.

Dedicated to eco-friendly practices, Penderyn sources local water and partners with sustainable malt suppliers like Muntons and Boortmalt. The distillery is actively pursuing lighter packaging, a carbon reduction program with the Welsh Government, and B Corp certification.

Why choose our products?

- Assessment (FSA), this means that Muntons manufactures 100% sustainable malt. A claim that has been verified through an external audit by SGS.
- Light, fruity and flavoursome.
- Award winning - 6 Gold Medals in the last 2 years. Visit Wales Gold award for all their three distilleries. Swansea Copperworks Distillery had the RIBA (Royal Institute of British Architects) award for heritage building in Wales. Sustainability awards from the Insider Media Property Awards for Swansea Distillery.
